DEFINITIONS

Certain terms used generally throughout this tariff are defined below.

Advance Payment: Part or all of a payment required before the start of service.

Automatic Number Identification (ANI): Allows the automatic transmission of a caller's billing account telephone number to a local exchange company interexchange carrier or a third party subscriber. The primary purpose of ANI is to allow for billing of toll calls.

Bit: The smallest unit of information in the binary system of notation.

Call Back/Camp On: Permits a station line encountering an all-trunk- busy condition the option of being notified when a trunk becomes idle.

Call Forwarding:

Call Forwarding Station: Allows calls directed to a station line to be routed to a user defined line inside or outside the customer's telephone system.

Call Forwarding System: Permits calls attempting to terminate to a busy station line to be re-directed to a predetermined line inside or outside the customer's telephone system.

Call Hold: Allows the user to hold one call for any length of time provided that neither party goes on-hook.

Call Park: Allows a station line to park a call against its own line number. The parked call be retrieved from any station line by dialing a feature code and the line number against which the call is parked.

Call Pickup: Allows a station line to answer incoming calls to another station line within a defined call pickup group. Call pickup is provided on individual station lines within a customer group.

Call Transfer: Allows a station line user to transfer any established call to another station line inside or outside the customer group without the assistance of the attendant.

DEFINITIONS

Call Waiting: Permits a line in the talking state to be alerted by a tone when another call is attempting to complete to the line. Audible ringing is returned to the originating line. The Service also provides a hold feature that is activated by a switchhook flash.

Communications Services: The Company's intrastate toll and local exchange switched telephone services offered for both intraLATA and interLATA use.

Company or RCN-NY: RCN Telecom Services of New York, LP d/b/a RCN of New York the issuer of this tariff.

Customer or Subscriber: The person, firm or corporation which orders service and is responsible for the payment of charges and compliance with the Company's regulations.

Dedicated Inbound Calls: Refers to calls that are terminated via dedicated access facilities connecting the Customer's premises and the Company's POP. This service is offered to the extent facilities are available and where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer's trunk-compatible PBX or other suitable equipment to the Company's POP. The Customer shall be responsible for all costs and charges associated with the dedicated access facilities.

Dedicated Outbound Calls: Refers to service that is offered to the extent facilities are available in those cases where the Company and the Customer jointly arrange for the establishment of dedicated access facilities connecting the Customer's trunk-compatible PBX or other suitable equipment to the Company's Point of Presence (POP). The Customer shall be responsible for all costs and charges associated with the dedicated access facilities.

Dial Pulse (or "DP"): The pulse type employed by rotary dial station sets.

Direct Inward Dial (or "DID"): A service attribute that routes incoming calls directly to stations, by-passing a central answering point.

Direct Outward Dial (or "DOD"): A service attribute that allows individual station users to access and dial outside numbers directly.

DEFINITIONS

LATA: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the National Exchange Carrier Association, Inc. Tariff F.C.C. No. 4.

Mbps: Megabits, denotes millions of bits per second.

Multi-Frequency or ("MF"): An inter-machine pulse-type used for signalling between telephone switches, or between telephone switches and PBX/key systems.

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance. The Company and Customer may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for Network Services executed by the Customer and the Company in the format devised by the Company. The signing of a Service Order by the Customer and acceptance by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Shared: A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Shared Inbound Calls: Refers to calls that are terminated via the Customer's LEC-provided local exchange access line.

DEFINITIONS

Shared Outbound Calls: Refers to calls in Feature Group D exchanges whereby the Customer's local telephone lines are presubscribed by the local exchange company to the Company's outbound service such that "1 + 10-digit number" calls are automatically routed to the Company's network. Calls to stations within the Customers LATA may be placed by dialing " 10 + XXX or 101XXXX plus 1 + 10-digit number."

Speed Calling: Permits a station line user to dial selected numbers by using fewer digits than normally required. This is accomplished through the assignment of abbreviated codes to frequently called numbers. The speed calling list is customer-changeable.

System: Allows shared use of speed calling list. A control station will add, change or delete telephone numbers from the list for the group.

Station: Allows a station line user to add, change or delete telephone numbers from a speed calling list. The list is dedicated to the individual station line user.

Three-Way Calling: Allows a station line user to add a third party to an existing conversation.

Two Way: A service attribute that includes outward dial capabilities for outbound calls and can also be used to carry inbound calls to a central point for further processing.

User or End User: A Customer, Joint User, or any other person authorized by a Customer to use service provided under this tariff.

REGULATIONS

2.1 Undertaking of the Company (Cont'd.)

2.1.3 Terms and Conditions

2.1.3.1 Service is provided on the basis of a minimum period of at least one month, 24-hours per day. For the purpose of computing charges in this tariff, a month is considered to have 30 days.

2.1.3.2 Customers may be required to enter into written service orders which shall contain or reference a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff. Customer will also be required to execute any other documents as may be reasonably requested by the Company.

2.1.3.3 At the expiration of the initial contract term specified in each Business Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon 30 days written notice. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the service order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the service order shall survive such termination.

REGULATIONS

2.1 Undertaking of the Company (Cont'd.)

2.1.3 Terms and Conditions (Cont'd.)

2.1.3.4 Service may be terminated upon written notice to the Customer if:

- a. the Customer issuing the service in violation of this tariff; or
- b. the Customer is using the service in violation of the law.

2.1.3.5 This tariff shall be interpreted and governed by the laws of the State of New York without regard for its choice of laws provision.

2.1.3.6 Voice Service is dependent upon electrical power and, even with a Customer premises back up power source, if the electrical provider and/or Company's network or facilities are not operating, Voice Service, including the ability to access emergency 911 services, may not be available. The Company accepts no responsibility for Service outages due to the non-availability of electrical power.

REGULATIONS

2.1 Undertaking of the Company (Cont'd.)

2.1.4 Liability of the Company

2.1.4.1 Except as otherwise stated in this Tariff, the liability of the company for damages arising out of the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representations, or use of these services or arising out of the failure to furnish the service, whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth in 2.6. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.

2.1.4.2 The Company shall provide a reduced credit allowance as set forth in Section 2.6.1.4 after notice by the customer for any delay or failure of performance or equipment due to causes beyond its control, including but not limited to: acts of God, fire, flood, explosion or other catastrophes; any law, order, regulation, direction, action, or request of the United States Government, or of any other government, including state and local governments having or claiming jurisdiction over the Company, or of any department, agency, commission, bureau, corporation, or other instrumentality of any one or more of these federal, state, or local governments, or of any civil or military authority; national emergencies; insurrections; riots; wars; unavailability of rights-of-way or materials; or strikes, lock-outs, work stoppages, or other labor difficulties.

REGULATIONS

2.1 Undertaking of the Company (Cont'd.)

2.1.4 Liability of the Company (Cont'd.)

2.1.4.3 The Company shall not be liable for (a) any act or omission of any entity furnishing to the Company or to the Company's Customers facilities or equipment used for interconnection with network services; or (b) for the acts or omissions of common carriers or warehousemen.

2.1.4.4 The Company shall not be liable for any damages or losses due to the fault or negligence of the Customer or due to the failure or malfunction of equipment or facilities provided by the Customer or third parties.

2.1.4.5 The Company does not guarantee nor make any warranty with respect to installations it provides for use in an explosive atmosphere. The Customer indemnifies and holds the Company harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by any other party or person(s), and for any loss, damage, or destruction of any property, whether owned by the Customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal presence, condition, location, or use of any installation so provided. The Company reserves the right to require each Customer to sign an agreement acknowledging acceptance of the provisions of this section 2.1.4.5 as a condition precedent to such installations.

2.1.4.6 The Company is not liable for any defacement of or damage to Customer premises resulting from the furnishing of services or equipment on such premises or the installation or removal thereof, unless such defacement or damage is caused by negligence or willful misconduct of the Company's agents or employees.

2.1.4.7 The Company is not liable if the Customer moves the Digital Phone equipment to another location. The address associated with the E911 call to the local 911 authorities, is specific to the original billing location. If the Company's Digital Phone service is moved to another location, the original billing address will still be transmitted to the 911 authorities, and response will be delayed. If one of the cables or telephone lines is removed from its connection on the Digital Phone equipment, service to your location will be unusable.

2.1.6 Provision of Equipment and Facilities (Cont'd.)

2.1.6.5 The Customer shall be responsible for the payment of service charges as set forth herein for visits by the Company's agents or employees to the Premises of the Customer when the service difficulty or trouble report results from the use of equipment or facilities provided by any party other than the Company, including but not limited to the Customer.

2.1.6.6 Except as otherwise indicated, customer-provided station equipment at the Customer's premises for use in connection with this service shall be so constructed, maintained and operated as to work satisfactorily with the facilities of the Company.

2.1.6.7 The Company shall not be responsible for the installation, operation, or maintenance of any Customer provided communications equipment. Where such equipment is connected to the facilities furnished pursuant to this tariff, the responsibility of the Company shall be limited to the furnishing of facilities offered under this tariff and to the maintenance and operation of such facilities. Subject to this responsibility, the Company shall not be responsible for:

- (a) the through transmission of signals by Customer provided equipment or for the quality of, or defects in, such transmission; or
- (b) the reception of signals by Customer-provided equipment.
- (c) network control signalling where such signalling is performed by Customer-provided network control signalling equipment.

REGULATIONS

2.2 Prohibited Uses

- 2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.
- 2.2.2 The Company may require applicants for service who intend to use the Company's offerings for resale and/or for shared use to file a letter with the Company confirming that their use of the Company's offerings complies with relevant laws and PSC regulations, policies, orders, and decisions.
- 2.2.3 The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.
- 2.2.4 A customer, joint user, or authorized user may not assign, or transfer in any manner, the service or any rights associated with the service without the written consent of the Company. The Company will permit a Customer to transfer its existing service to another entity if the existing Customer has paid all charges owed to the Company for regulated communications services. Such a transfer will be treated as a disconnection of existing service and installation of new service, and non-recurring installation charges as stated in this tariff will apply.

2.3 Liability of the Customer

2.3.1 General

The Customer shall be responsible for:

- (a) the payment of all applicable charges pursuant to this tariff;
- (b) any damages to the facilities of the Company and for all incidental and consequential damages caused by the negligent or intentional acts or omissions of the Customer, its officers, employees, agents, invitees, or contractors where such acts or omissions are not the direct result of the Company's negligence or intentional misconduct.
- (c) providing at no charge, as specified from time to time by the Company, any needed personnel, equipment space and power to operate Company facilities and equipment installed on the premises of the Customer Premises, and the level of heating and air conditioning necessary to maintain the proper operating environment on such premises;
- (d) obtaining, maintaining, and otherwise having full responsibility for all rights-of-way and conduct necessary for installation of fiber optic cable and associated equipment used to provide Communications Services to the Customer from the cable building entrance or property line to the location of the equipment space described in 2.3.1(c). Any and all costs associated with the obtaining and maintaining the rights-of-way described herein, including the costs of altering the structure to permit installation of the Company-provided facilities, shall be borne entirely by, or may be charged by the Company to, the Customer. The Company may require the Customer to demonstrate its compliance with this section prior to accepting an order for service.

2.4 Customer Equipment and Channels

2.4.1 General

A User may transmit or receive information or signals via the facilities of the Company. The Company's services are designed primarily for the transmission of voice-grade telephonic signals, except as otherwise stated in this tariff. A User may transmit any form of signal that is compatible with the Company's equipment, but the Company does not guarantee that its services will be suitable for purposes other than voice-grade telephonic communication except as specifically stated in this tariff.

2.4.2 Station Equipment

2.4.2.1 Terminal equipment on the User's Premises and the electric power consumed by such equipment shall be provided by and maintained at the expense of the User. The User is responsible for the provision of wiring or cable to connect its terminal equipment to the Company Point of Connection.

2.4.2.2 The Customer is responsible for ensuring that Customer-provided equipment connected to Company equipment and facilities is compatible with such equipment and facilities. The magnitude and character of the voltages and currents impressed on Company-provided equipment and wiring by the connection, operation, or maintenance of such equipment and wiring shall be such as not to cause damage to the Company-provided equipment and wiring or injury to the Company's employees or to other persons. Any additional protective equipment required to prevent such damage or injury shall be provided by the Company at the Customer's expense.

2.4 Customer Equipment and Channels (Cont'd.)

2.4.3 Interconnection of Facilities

2.4.3.1 Any special interface equipment necessary to achieve compatibility between the facilities and equipment of the Company used for furnishing Communications Services and the channels, facilities, or equipment of others shall be provided at the Customer's expense.

2.4.3.2 Communications Services may be connected to the services or facilities of other communications carriers only when authorized by, and in accordance with, the terms and conditions of the tariffs of the other communications carriers which are applicable to such connections.

2.4.3.3 Facilities furnished under this tariff may be connected to customer provided terminal equipment in accordance with the provisions of this tariff. All such terminal equipment shall be registered by the Federal Communications Commission pursuant to Part 68 of Title 47, Code of Federal Regulations; and all User-provided wiring shall be installed and maintained in compliance with those regulations.

2.4.3.4 Users may interconnect communications facilities that are used in whole or in part for interstate communications to services provided under this tariff only to the extent that the user is an "end user" as defined in Section 69.2(m), Title 47, Code of Federal Regulations (1995 edition).

REGULATIONS

2.4 Customer Equipment and Channels (Cont'd.)

2.4.4 Inspections

2.4.4.1 Upon suitable notification Customer, and at a reasonable time, the Company may make such tests and inspections as may be necessary to determine that the Customer is complying with the requirements set forth in Section 2.4.2.2 for the installation, operation, and maintenance of Customer-provided facilities, equipment, and wiring in the connection of Customer-provided facilities and equipment to Company-owned facilities and equipment.

2.4.4.2 If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice, the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm.

REGULATIONS

2.5 Payment Arrangements

2.5.1 Payment for Service

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer.

Taxes

The Customer is responsible for payment of any fees (including franchise and right-of-way fees), charges, surcharges and taxes (however designated) (including without limitation sales, use, gross receipts, excise, access or other taxes but excluding taxes on the Company's net income) imposed by any local, state, or federal government on or based upon the provision, sale or use of Network Services. Fees, charges, and taxes imposed by a city, county, or other political subdivision will be collected only from those Customers receiving service within the boundaries of that subdivision.

New York City residential Customers will be subject to a telephone franchise fee.

2.5.2 Billing and Collection of Charges

The Customer is responsible for payment of all charges incurred by the Customer or other users for services and facilities furnished to the Customer by the Company.

2.5.2.1 Non-recurring charges are due and payable within 30 days after the date an invoice is mailed to the Customer by the Company.

2.5.2.2 The Company shall present invoices for Recurring Charges monthly to the Customer, in advance of the month in which service is provided, and Recurring Charges shall be due and payable within 30 days after the invoice is mailed.

REGULATIONS

2.5 Payment Arrangements (Cont'd.)

2.5.2 Billing and Collection of Charges (Cont'd.)

2.5.2.3 When service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which service was furnished will be calculated on a pro rate basis. For this purpose, every month is considered to have 30 days.

2.5.2.4 Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.

2.5.2.5 If any portion of the payment is received by the Company after the date due, or if any portion of the payment is received by the Company in funds are not immediately available, then a late payment penalty shall be due to the Company. The late payment penalty shall be the portion of the payment not received by the date due, multiplied by a late factor of 1.5%. In addition, the following regulations are applicable to late payment penalties.

- (a) Collection procedures and the requirement for a deposit are unaffected by the application of a late payment charge.
- (b) The late payment charge does not apply to final accounts.
- (c) The late payment charge does not apply to unpaid balances associated with disputed amounts. Undisputed amounts on the same bill are subject to the late payment charge if unpaid and carried forward to the next bill.

2.5.2 Billing and Collection of Charges (Cont'd.)

2.5.2.5 (Cont'd.)

- (d) All amounts deferred under deferred payment agreements will not be subject to the late payment charge.
- (e) The late payment charge does not apply to residence customers who are billed under a quarterly payment plan.
- (f) For those residence customers who certify to the Company that they suffer from serious illness, the late payment charge will be waived.
- (g) Life Line customers are exempt from the late payment charge.
- (h) Late payment charges do not apply to government agencies of the State of New York. These agencies are required to make payment in accordance with the provisions of Article XI-A of the State Finance Law (Chapter 153 of the Laws of 1984).

2.5.2.6 The Customer will be assessed a charge (\$10.00 Residential and \$15.00 Business) for each check submitted by the Customer to the Company which a financial institution refuses to honor for insufficient funds or a non-existent account.

2.5.2.7 Customers have up to 6 months after the bill is rendered to initiate a dispute over charges or to receive credits. A bill will not be deemed correct and binding upon the customer by virtue of the preceding sentence if the Company or the customer has records on the basis of which the objection may be considered. If objection results in a refund to the customer, such refund will be with interest at the unadjusted rate paid on Customer deposits or the late payment penalty rate, whichever is greater.

2.5.2 Billing and Collection of Charges (Cont'd.)

2.5.2.8 If service is disconnected by the Company in accordance with section 2.5.8 following and later restored, restoration of service will be subject to all applicable restoral charges.

2.5.2.9 Payment Options:

The customer may make payments in person, mail payments through the U.S. mail, have payments automatically deducted from checking or savings accounts, make payments through the RCN automated phone systems via credit card or checking/savings accounts for a fee of \$3.50, or make payments through an RCN Customer Service Representative via credit card or checking/savings accounts for a fee of \$5.95, or make payment on-line for a fee of \$1.00.

2.5.3 Advance Payments

To safeguard its interests, the Company may require a Customer to make an advance payment before services and facilities are furnished. The advance payment will not exceed an amount equal to the non-recurring charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the advance payment may also include an amount equal to the estimated non-recurring charges for the special construction and recurring charges (if any) for a period to be set between the Company and the Customer. The advance payment will be credited to the Customer's initial bill. An advance payment may be required from Business Customers in addition to a deposit.

2.5 Payment Arrangements (Cont'd.)

2.5.4 Deposits

2.5.4.1 To safeguard its interests, the Company may require a Customer, whose financial responsibility is not established to the satisfaction of the Company, to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation. The deposit will not exceed an amount equal to:

- (a) two month's charges for a service or facility which has a minimum payment period of one month; or
- (b) the charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month.

2.5.4.2 The company may require a deposit from an existing customer¹ if the customer is delinquent in payment, or if the customer's service has been suspended or terminated for non-payment once within the preceding 6-month period. "Delinquent in payment" means that a customer has received 2 consecutive telephone bills without making payment of one-half of the total of the 2 bills prior to the due date of the second bill. In addition, the Company shall provide a customer written notice, at least 10 days before it may assess a deposit, and state that the failure to make timely payment will permit the Company to require a deposit. A customer is not considered delinquent, however, if an amount in dispute is not paid before the dispute is resolved.

An existing customer is any applicant for service who was a customer of the same telephone corporation within 12 months of making the request, provided that prior service was not terminated for nonpayment, unless service is requested within 10 days of such termination for nonpayment. Applicants for service and existing customers are permitted to pay deposits in installments over a period not exceed 6 months.

2.5 Payment Arrangements (Cont'd.)

2.5.4 Deposits (Cont'd.)

2.5.4.3 All new customers or existing customers who are 62 years of age or older shall be exempt from any deposit requirement unless such person's telephone service was terminated for non-payment during the preceding 6 months.

Proof of age will be required from any person claiming exemption from deposit requirements because of age. If the proof requested by the Company is not received within 30 days from the date service is connected, or 30 days from the date that verification of age is requested from an existing customer, the Company may disconnect service.

Any new customer or existing customer 62 years of age or older shall be permitted to pay a deposit in installments over a period not to exceed 12 months.

2.5.4.4 The Company shall not require any person it knows to be a recipient of public assistance, supplementary security income, or additional state public assistance payments to post a Security Deposit.

2.5.4.5 Customers who have a recent payment history with the Company are entitled to service without payment of a deposit unless their records indicate that they are delinquent in payment. A customer who still owes money to the Company for residential service on a prior account in his or her name shall be offered a deferred payment plan not to exceed three months provided that the customer had service for three months and was not terminated for nonpayment during that period.

2.5.4.6 A deposit may be required in addition to an advance payment.

REGULATIONS

2.5 Payment Arrangements (Cont'd.)

2.5.4 Deposits (Cont'd.)

2.5.4.7 When a service or facility is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Before the service or facility is discontinued, the Company may, at its option, return the deposit or credit it to the Customer's account. If the amount of the deposit is insufficient to cover the balance due to the Customer's account, the Company retains the right to collect any amounts owing after the deposit has been applied.

2.5.4.8 Simple interest at the rate specified by the Public Service Commission shall be credited or paid to the customer while the Company holds the deposit. New deposits from residential customers are reviewed after the first 3 monthly bills have been rendered; if too much has been taken, the excess is returned. The entire deposit is returned to residential customers after 1 year, and to business customers after 3 years, unless the customer is delinquent in payment, in which case the Company continues to hold it. When the service is discontinued, the amount of any deposit is applied against the final bill, and any balance is returned to the subscriber.

2.5 Payment Arrangements (Cont'd.)

2.5.5 Installment Billing

Residence customers may elect to pay their initial service connection, installations and other non-recurring charges associated with service orders including restoration of service charges in monthly installments for up to a 12 month period. When installment billing is requested, it will be applied to all non-recurring charges subject to the following:

- (a) Installment billing may be used only by residence customers.
- (b) Charges will be billed in 12 equal monthly installments.
- (c) A customer may not pay a portion of the charges and then request installment billing for the remaining charges.
- (d) A customer may elect to pay the unbilled charges before the expiration of the installment plan.
- (e) More than one installment plan may be in effect for the same customer at the same time, except however, that only one installment plan for restoration of service charges may be in effect at the same time.
- (f) If a customer disconnects service before the expiration of the plan period all unbilled charges will be included in the final bill rendered.
- (g) Installment billing payments will continue even though an account is temporarily disconnected.
- (h) No interest charges will be applied.

2.5.8.7 Special provisions for residence customers are as follows:

- (a) Disconnect notices may not be issued until at least 30 days after the date of the bill unless exceptional circumstances exist and then only in accordance with Commission approved procedures. Bills must be mailed to customers no later than six business days after the date of the bill. The 30 day period shall be extended one day for each day beyond the sixth business day when bills are mailed late.
- (b) Disconnection may occur only between the hours of 8 a.m. and 4 p.m. Monday through Thursday, provided that such day or the following day is not a public holiday or a day on which the Company is closed. In addition, service may not be disconnected during the periods of December 23 through December 26 and December 30 through January 2. At least one attempt shall be made during nonworking hours to contact the residential customer by telephone before the date of disconnection.

2.5.8.8 If a customer who has received a notice of discontinuance pays his bill with a check that is subsequently dishonored, his account remains unpaid and the Company is not required to issue any additional notice before discontinuing service. However, when a check received from a residence customer is dishonored, and that customer has not previously submitted a dishonored check within the past 12 months, the Company shall make two attempts, one outside of normal business hours, to contact the customer within 24 hours and the customer shall be given an additional 24 hours to pay before disconnection.

The medical emergency status may be extended beyond 30 days upon submission of specified documentation. During the pendency of the emergency, customers will be able to defer payment of monthly charges in an amount up to \$30.00 until the emergency ceases or it is determined that customers have the ability to pay the charges. Any charges in excess of \$30.00 in any month are due by the due date of the bill.

2.5.8.10 Where a residential customer is known to or identified to the Company as being blind or disabled as defined in 16 NYCRR, Sec. 633.5, or 62 years of age or older, and all other residents of the customer's household are under 18 years of age, 62 years of age or older, blind or disabled, an additional 20 days will be allowed before disconnection may occur. The Company shall make a diligent effort to contact by phone or in person, if telephone contact is not successful, an adult resident may be contacted at the location for purposes of devising a payment plan 8 days before the date of disconnection.

In cases where service has been disconnected and the Company subsequently learns that the customer is entitled to the protections established under this subdivision, the Company shall within 24 hours of such notification restore service for an additional 20 days and make a diligent effort to contact in person an adult resident at the customer's premises for the purpose of devising a payment plan. Should the Company be unable to contact such person within 24 hours it shall make reasonable efforts to achieve contact as soon as possible.

2.5 Payment Arrangements (Cont'd.)

2.5.8 Discontinuance of Service (Cont'd.)

2.5.8.13 The Company shall have the right to take immediate action, including termination of service and severing of the connection without notice to the Customer when injury or damage to Company personnel, plant, property or service is occurring, or is likely to occur.

Prohibited, unlawful or improper use of the facilities or service include but are not limited to:

- the use of facilities or service of the Company to transmit a message or locate a person or otherwise to give or obtain information, without payment of Tariff charges.
- calling or permitting others to call another person or persons so frequently or at such times of the day or in such a manner as to harass, frighten, abuse or torment such other person or persons.
- the use of profane or obscene language.
- the use of the service in such a manner as to interfere with the service of one or more other subscribers or to prevent others from making or receiving calls.
- the use of a mechanical dialing device or recorded announcement equipment to seize a subscriber's line, thereby interfering with the subscriber's use of the service.
- the obtaining of telephone service by any fraudulent means whatsoever, with the intent of avoiding payment for the service.

2.5.8.14 The Customer is responsible for providing adequate access lines to enable the Company to terminate all 800 Service calls to the Customer's telephone equipment. Should the Customer have insufficient access lines on which to terminate 800 Service calls, the Company reserves the right to request the Customer to add additional lines for call terminations. If, after 90 days, the Customer has not made the requested change, the Company, without incurring any liability, reserves the right to terminate the Customer's 800 Service, with 30 days written notice.

2.5 Payment Arrangements (Cont'd.)

2.5.9 Cancellation of Application for Service

2.5.9.1 In general, applicants for business service are noncancellable unless the Company otherwise agrees. Where the Company permits Customer to cancel an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below.

2.5.9.2 Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charge for the minimum period of services ordered, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun (all discounted to present value at six percent).

2.5.9.3 Where the Company incurs any expense in connection with special construction, or where special arrangements of facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes provision for return on investment, and any other costs associated with the special construction or arrangements.

2.5.9.4 The special charges described in 2.5.9.1 through 2.5.9.3 will be calculated and applied on a case-by-case basis.

2.5.10 Changes in Service Requested

If the Customer makes or requests material changes in circuit engineering, equipment specifications, service parameters, premises locations, or otherwise materially modifies any provision of the application for service, the Customer's installation fee shall be adjusted accordingly.

2.5.11 Customer Overpayment

The Company will pay interest on a Customer overpayment. Customer overpayment shall mean a payment to the Company in excess of the correct charges for service when caused by erroneous billing by the Company. The rate of interest shall be the unadjusted interest rate paid on Customer deposits or the late payment penalty rate, whichever is greater. Interest shall be paid from the date when the Customer overpayment was made, adjusted for any changes in the deposit interest rate or late payment penalty rate, and compounded monthly, until the date when the overpayment is refunded. No interest shall be paid on Customer overpayments that are refunded within thirty (30) days after such overpayment is received by the Company.

2.5.12 Backbilling

Charges for previously unbilled service or upward adjustments of bills previously rendered to residence customers may not be billed beyond 24 months after the error occurred unless the culpable conduct of the customer caused or contributed to the untimely billing. When such charges are billed, the Company must provide an explanation and advise customers that payment may be made under an installment plan which shall not be less than one month for each month represented by the late billed charges unless otherwise agreed to. In addition, the Company may not disconnect service for nonpayment of charges rendered in excess of 6 months after the service was provided unless the delay in billing was due to the customer's culpable conduct. Upon request, a written explanation will be provided.

2.6 Allowances for Interruptions in Service

Interruptions in service, which are not due to the negligence of, or noncompliance with the provisions of this tariff by, the Customer or the operation or malfunction of the facilities, power or equipment provided by the Customer, will be credited to the Customer as set forth in 2.6.1 for the part of the service that the interruption affects.

2.6.1 Credit for Interruptions

2.6.1.1 A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this tariff. An interruption period begins when the Customer reports a service, facility or circuit to be interrupted and releases it for testing and repair. An interruption period ends when the service, facility or circuit is operative. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

2.6.1.2 For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit.

No credit allowance will be made for:

- (a) interruptions due to the negligence of, or noncompliance with the provisions of this tariff by, the Customer, authorized user, joint user, or other common carrier providing service connected to the service of the Company;
- (b) interruptions due to the negligence of any person other than the Company, including but not limited to the Customer or other common carriers connected to the Company's facilities;
- (c) interruptions due to the failure or malfunction of non-Company equipment;
- (d) interruptions of service during any period in which the Company is not given full and free access to its facilities and equipment for the purpose of investigating and correcting interruptions;
- (e) interruptions of service during any period when the Customer has released service to the Company for maintenance purposes or for implementation of a Customer order for a change in service arrangements; and
- (f) that occur or continue due to the Customer's failure to authorize replacement of any element of special construction.

2.6 Allowances for Interruptions in Service (Cont'd.)

2.6.3 Directory Errors

In the absence of gross negligence or wilful misconduct and except for the allowances previously stated in this section, no liability for damages arising from errors or mistakes in or omissions of directory listings, or errors or mistakes in or omissions of listings obtainable from the directory assistance operator, including errors in the reporting thereof, will attach to the Company.

An allowance for errors or mistakes in or omissions of published directory listings or for errors or mistakes in or omissions of listings obtainable from the directory assistance operator will be given as follows:

- (A) For free or no-charge published directory listings, credit will be given at the rate of two times the monthly tariff rate for an additional or charge listing for each individual, auxiliary or party line affected, for the life of the directory or the charge period during which the error, mistake or omissions occurs.
- (B) For additional or charge published directory listings, credit shall be given at the monthly tariff rate for each such listing for the life of the directory or the charge period during which the error, mistake or omission occurs.
- (C) For free or charge listings obtainable from records used by the directory assistance operator, upon notification to the Company of the error, mistake or omission in such records by the Customer, the Company will be allowed a period of three business days to make a correction. If the correction is not made in that time, credit will be given at the rate of two-thirtieths (2/30) of the basic monthly rate for the line or lines in question for each day thereafter that the records remain uncorrected.

2.6 Allowances for Interruptions in Service (Cont'd.)

2.6.3 Directory Errors (Cont'd.)

- (D) The total amount of the credit provided for in the preceding Paragraphs (A), (B) and (C) shall not exceed, on a monthly basis, the total of the charges for each charge listing plus the basic monthly rate, as specified in Paragraph (C), for the lien or lines in question.
- (E) Such allowance or credits as specified in Paragraphs (A), (B) and (C) preceding, will be given upon notice to the Company by the Customer that such error, mistake or omission has occurred; provided, however, that when it is administratively feasible for the Company to have knowledge of such error, mistake or omission, the Company will credit without the requirement of notification by the Customers.

2.6.4 Cancellation For Service Interruption

Cancellation or termination for service interruption to Business Customers is permitted only if any circuit experiences a single continuous outage of 8 hours or more or cumulative service credits equaling 16 hours in a continuous 12-month period. The right to cancel service under this provision applies only to the single circuit which has been subject to the outage or cumulative service credits.

2.7 Use of Customer's Service by Others

2.7.1 Resale and Sharing

Any service provided under this tariff may be resold to or shared with other persons at the option of Customer, subject to compliance with any applicable laws or New York Public Service Commission regulations governing such resale or sharing. Customer remains solely responsible for all use of services ordered by it or billed to its telephone number (s) pursuant to this tariff, for determining who is authorized to use its services, and for notifying the Company of any unauthorized use.

2.7.2 Joint Use Arrangements

Joint use arrangements will be permitted for all services provided under this tariff. From each joint use arrangement, one member will be designated as the Customer responsible for the manner in which the joint use of the service will be allocated. The Company will accept orders to start, rearrange, relocate, or discontinue service only from the Customer. Without affecting the Customer's ultimate responsibility for payment of all charges for the service, each joint user shall be responsible for the payment of the charges billed to it.

2.8 Cancellation of Service

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in 2.6.1 above), Customer agrees to pay to Company termination liability charges, which are defined below. These charges shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in 2.5.2.

Customer's termination liability for cancellation of service shall be equal to:

- 1) all unpaid Non-Recurring charges reasonably expended by Company to establish service to Customer, plus
- 2) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus
- 3) all Recurring Charges specified in the applicable Service Order for the balance of the then current term discounted at the prime rate announced in the Wall Street Journal on the third business day following the date of cancellation;
- 4) minus a reasonable allowance for costs avoided by the Company as a direct result of Customer's cancellation.

2.9 Customer Liability for Unauthorized Use of the Network

2.9.1 Unauthorized Use of the Network

Unauthorized use of the Network occurs when a person or entity that does not have actual, apparent, or implied authority to use the Network, obtains the Company's services provided under this tariff.

2.9.2 Liability for Calling Card Fraud

- (A) The Customer is liable for the unauthorized use of the Network obtained through the fraudulent use of a Company calling card, provided that the unauthorized use occurs before the Company has been notified.
- (B) A Company calling card is a telephone calling card issued by the Company at the Customer's request, which enables the Customer or user(s) authorized by the Customer to place calls over the Network and to have the charges for such calls billed to the Customer's account.
- (C) The Customer must give the Company oral notice that an unauthorized use of the Company calling card has occurred or may occur as a result of loss, theft or other reasons.
- (D) The Customer is responsible for payment of all charges for services furnished to the Customer or to users authorized by the Customer to use service provided under this tariff. This responsibility is not changed due to any use, misuse, or abuse of the Customer's service or Customer-provided equipment by third parties, the Customer's employees, or the public.
- (E) The Customer is liable for all charges incurred as a result of unauthorized use of the Network, including incidental and consequential damages. In addition, the Customer is responsible for payment of any charges related to the suspension and/or termination of service and any charges for reconnection of service.

2.9 Customer Liability for Unauthorized Use of the Network (Cont'd.)

2.9.3 Liability for Credit Card Fraud and Other Unauthorized Use

- (A) The Customer is liable for the unauthorized use of the Network obtained through the fraudulent use of a credit card, provided: (1) the card is an accepted credit card, and (2) the unauthorized use occurs before the Company has been notified.

An accepted credit card is any credit card that a cardholder has requested or applied for and received, or has signed, used, or authorized another person to use to obtain credit. Any credit card issued as a renewal or substitute in accordance with this paragraph is an accepted credit card when received by the cardholder.

- (B) The liability of the Customer for unauthorized use of the Network by credit card fraud will not exceed the lesser of \$50 or the amount of money, property, labor, or services obtained by the unauthorized user before notification to the Company.
- (C) The Customer must give the Company oral notice that an unauthorized use of the credit card has occurred.

2.13 Privacy Rules

Automatic Number Identification (ANI) derived information may be used only for billing, routing, screening, ensuring network performance, completing calls or performing services directly related to the telephone caller's original call or transaction. Therefore, should the business that receives ANI information have an established customer relationship with the caller, the business may offer products or services to the caller that are directly related to the products or services previously purchased by the caller. The business that receives ANI information may not establish marketing lists or conduct ongoing market calls for unrelated products or services or sell the information derived from ANI (caller's name, address, telephone billing number, purchasing habits, etc.) to third parties unless it gets the prior written consent of the caller.

Should an ANI subscriber violate any of the foregoing terms and conditions, the Company will terminate ANI to that subscriber after a determination through the New York Public Service Commission's complaint progress. ANI transmission will be reinstated after the New York Public Service Commission receives written confirmation from the ANI subscriber that the violations have ceased or have been corrected. Should the New York Public Service Commission determine that there have been three or more separate violations in a 24 month period, delivery of ANI to the subscriber will be terminated under the terms and conditions determined by the New York Public Service Commission.

2.14 Automatic Number Identification

2.14.1 Regulations

The Company will provide Automatic Number Identification ("ANI") associated with an intrastate service, by tariff, to any entity ("ANI recipient"), only under the following terms and conditions.

- (A) The ANI recipient or its designated billing agent may use or transmit ANI information to third parties for billing and collection, routing, screening, ensuring network performance, and completion of a telephone subscriber's call or transaction, or for performing a service directly related to the telephone subscriber's original call or transaction.
- (B) The ANI recipient may offer to any telephone subscriber with whom the ANI recipient has an established customer relationship, a product or service that is directly related to products or services previously purchased by the telephone subscriber from the ANI recipient.
- (C) The ANI recipient or its designated billing agent is prohibited from utilizing ANI information to establish marketing lists or to conduct outgoing marketing calls, except as permitted by the preceding paragraph, unless the ANI recipient obtains the prior written consent of the telephone subscriber permitting the use of ANI information for such purposes. The foregoing provisions notwithstanding, no ANI recipient or its designated billing agent may utilize ANI information if prohibited elsewhere by law.

3.2 Charges Based on Duration of Use

Where charges for a service are specified based on the duration of use, such as the duration of a telephone call, the following rules apply:

- 3.2.1 Calls are measured in durational increments identified for each service. All calls which are fractions of a measurement increment are rounded-up to the next whole unit.
- 3.2.2 Timing on completed calls begins when the call is answered by the called party. Answering is determined by hardware answer supervision in all cases where this signaling is provided by the terminating local carrier and any intermediate carrier(s). Timing for operator service person-to-person calls start with completion of the connection to the person called or an acceptable substitute, or to the PBX station called.
- 3.2.3 Timing terminates on all calls when the calling party hangs up or the Company's network receives an off-hook signal from the terminating carrier.
- 3.2.4 Calls originating in one time period and terminating in another will be billed in proportion to the rates in effect during different segments of the call.
- 3.2.5 All times refer to local time.

3.3 Rates Based Upon Distance

Where charges for a service are specified based upon distance, the following rules:

- 3.3.1 Distance between two points is measured as airline distance between the Rate Centers of the originating and terminating telephone lines. The Rate Center is a set of geographic coordinates, as referenced in Bellcore's Local Exchange Routing Guide (LERG), associated with each NPA-NXX combination (where NPA is the area code and NXX is the first three digits of a seven-digit telephone number). Where there is no telephone number associated with an access line on the Company's network (such as a dedicated 800 or WATS access line), the Company will apply the Rate Center of the Customer's main billing telephone number.

APPLICATION OF RATES

3.3 Rates Based Upon Distance (Cont'd.)

3.3.2 The airline distance between any two Rate Centers is determined as follows:

- (a) Obtain the "V" (vertical) and "H" (horizontal) coordinates for each Rate Center from the above-referenced Bellcore document.
- (b) Compute the difference between the "V" coordinates of the two rate centers; and the difference between the two "H" coordinates.
- (c) Square each difference obtained in step (b) above.
- (d) Add the square of the "V" difference and the square of the "H" difference obtained in step © above.
- (e) Divide the sum of the squares by 10. Round to the next higher whole number if any fraction is obtained.
- (f) Obtain the square root of the whole number result obtained above. Round to the next higher whole number if any fraction is obtained. This is the airline mileage.

(g) Formula =
$$\sqrt{\frac{(V1 - V2)^2 + (H1 - H2)^2}{10}}$$

APPLICATION OF RATES

3.4 Discounts for Hearing Or Speech Impaired Customers

A intrastate telephone call which is communicated using a telecommunications device for the deaf (TDD) by properly certified hearing or speech impaired persons or properly certified business establishments or individuals equipped with TDDs for communicating with hearing or speech impaired persons will receive, upon request, credit on charges for intrastate local and toll calls placed between TDDs or between individuals with normal hearing and speech. The credit to be given on such calls will be a 50 percent discount off the applicable rate for; 1) a intrastate local or toll intrastate call and/or; 2) monthly mileage charges for Exchange Access Communications channels to the handicapped persons telephone service. Charges for calls are from the point of origination to the point of termination and are independent of call routing. The reduction in charges is applied at only one location designated by the handicapped person.

The Telecommunications Relay Service in New York can be reached toll-free by non-voice telephone equipment users by dialing 800-662-1220 and by voice telephone equipment users by dialing 800-421-1220.

Acceptable certifications are (1) those made by a licensed physician, otolaryngologist, speech-language pathologist or audiologist or an authorized representative of a social agency that conducts programs for persons with hearing or speech impairment in cooperation with an official agency of the State of New York or (2) pre-existing certifications establishing the impairment of hearing or speech such as those which qualify the handicapped person for social security benefits on the basis of total hearing impairment or for use of facilities of an agency for persons with hearing or speech impairment.

3.5 Term Discounts

Business customers may elect to utilize one or two year term commitments. Customers with one or two year term commitments will receive the following additional discounts on all charges except those specified in Section 7.2.

<u>Term Commitment</u>	<u>Discount</u>
1 year	5%
2 year	10%

EXCHANGE ACCESS SERVICE

5.1 General

Exchange Access Service provides a Customer with a telephonic connection and a unique telephone number address on the public switched telecommunications-network. Each Exchange Access Service enables users to:

- A) receive calls from other stations on the public switched telecommunications network;
- B) access other services offered by the Company as set forth in this tariff;
- C) access certain interstate and international calling services provided by the Company;
- D) access (at no additional charge) the Company's operators and business office for service related assistance;
- E) access (at no additional charge) emergency services by dialing 0- or 9-1-1; and
- F) access services provided by other common carriers which purchase the Company's Switched Access services as provided under the Company's Federal and State tariffs, or which maintain other types of traffic exchange arrangements with the Company.
- G) Exchange Access Service can be used to originate calls to other telephone companies' caller paid information services (e.g., NPA 900, NXX 976, 540, etc.). Calls to those numbers and other numbers used for caller-paid information services can be blocked at the Customer's request at the time service is ordered. Access to the "NXX-976" caller-paid information service will be billed and collected, by the Company, on behalf of the telephone companies' information provider holding the Customer fully liable for all changes incurred for use of the information provider's service.

5.3.2 Lifeline Telephone Service

Lifeline Telephone Service is a federal program which provides support to Eligible Telecommunications Carriers (ETC) that in turn offer discounts to eligible consumers. These companies are then reimbursed through the Lifeline Program. Consumers can apply for these discounts through their telecommunications carrier. The discount applies to one telephone line per eligible household.¹

The federal Lifeline Program benefits eligible low-income subscribers by reducing their voice telephony service by \$9.25 per month.

Eligibility

To participate in the program, consumers must either have an income that is at or below 135% of the federal Poverty Guidelines or participate in one of the following assistance programs:

Federal and State Support

Food Stamps or SNAP

Supplementary Security Income (SSI)

Federal Public Housing Assistance

Medicaid

State Support Only

Low Income Home Energy Assistance Program (LIHEAP),

National School Lunch Program (NSLP),

Temporary Assistance to Needy Families (TANF)

The applicant must provide proof to the Company that he or she is certified as income eligible to receive one or more of the above benefits. After initial contact the customer is sent an application form to be completed by the customer or authorized representative of the customer, as designated by the New York State Department of Social Services and identified as so authorized on the customer's card for any of the above benefits.

In addition, applicants are eligible for discounted Lifeline rates when approved to receive either a Veterans Disability Pension or a Veterans Surviving Spouse Pension. Applicants must provide proof to the Company that they are receiving one of these pensions.

1

Pursuant to FCC Code of Federal Regulations Title 47 Section 54.407 (Lifeline) or Section 54.413 (Link Up), all ETCs are permitted to receive support for offering Lifeline services to qualifying low-income customers or reduced service connection charges through Link Up,

5.3.2 Lifeline Telephone Service

Eligibility (cont'd)

Life Line services are effective upon receipt of a completed and signed form or an application form certified from an entity authorized by the Company. If the form is not returned, no further action is taken by the Company to establish eligibility. The Life Line discount is credited as of the service connection date.

An individual's eligibility may be documented by information obtained by the Company as a result of enrollment programs, including but not limited to confidential computerized matching programs, conducted by the Company in conjunction with the New York State Office of Temporary and Disability Assistance (OTDA) and/or the New York City Community Development Agency (CDA).

The Company, in coordination with appropriate agencies, will periodically verify each Lifeline customer's eligibility. If a customer is identified as being ineligible, the customer will be notified that unless the information is shown to be in error, the Lifeline discount will be discontinued. The customer will be billed for discounts received for any period in which he or she is proven to be ineligible for the service.

Charges

For connection of new service, service connection charges apply unless the customer qualifies for connection assistance under the Link Up America plan as outlined in 5.3.3, following.

Service connection charges do not apply to change existing service from:

Flat Rate Service to Flat Rate Lifeline Service;

Flat Rate Lifeline Service to Flat Rate Service.

5.4 Schools and Libraries Discount Program

5.4.1 General

The Schools and Libraries Discount Program permits eligible schools (public and private, grades Kindergarten through 12) and libraries to purchase the Company services offered in this tariff at a discounted rate, in accordance with the Rules adopted by the Federal Communications Commission (FCC) in its Universal Service Order 97-157, issued May 8, 1997 and the New York State Public Service Commission in its Opinion and Order 97-11 Adopting Discounts for Services for Schools and Libraries, issued June 25, 1997. The Rules are codified at 47 Code of Federal Regulation (C.F.R.) 54.55 et. Seq.

As indicated in the Rules, the discounts will be between 20 and 90 percent of the pre-discount price, which is the price of services to schools and libraries prior to application of a discount. The level of discount will be based on an eligible school or library's level of economic disadvantage and by its location in either an urban or rural area. A school's level of economic disadvantage will be determined by the percentage of its students eligible for participation in the national school lunch program, and a library's level of economic disadvantage will be calculated on the basis of school lunch eligibility in the public school district in which the library is located. A non-public school may use either eligibility for the national school lunch program or other federally approved alternative measures to determine its level of economic disadvantage. To be eligible for the discount, schools and libraries will be required to comply with the terms and conditions set forth in the Rules. Discounts are available only to the extent that they are funded by the federal universal service fund. Schools and libraries may aggregate demand with other eligible entities to create a consortium.

5.4.2 Regulations

A) Obligation of Eligible Schools and Libraries

Requests for Service

- 1) Schools and libraries and consortia shall participate in a competitive bidding process for all services eligible for discounts, in accordance with any state and local procurement rules.
- 2) Schools and libraries and consortia shall submit requests for services to the Schools and Libraries Corporation, as designated by the FCC, and follow established procedures.
- 3) Services requested will be used for educational purposes.
- 4) Services will not be sold, resold or transferred in consideration for money or any other thing of value.

B) Obligation of the Company

- 1) The Company will offer discounts to eligible schools and libraries on commercially available telecommunications services contained in this tariff. Those services contained in this tariff which are excluded from the discount program, in accordance with the Rules are included in Addendum B(N) of this tariff.
- 2) The Company will offer services to eligible schools, libraries and consortia at prices no higher than the lowest price it charges to similarly situated non-residential customers for similar services (lowest corresponding price).
- 3) In Competitive bidding situations, the Company may offer flexible pricing or rates other than in this tariff, where specific flexible pricing arrangements are allowed, subject to New York State Public Service Commission approval.

5.5 Health Care Providers Support Program

5.5.1 General

The purpose of the Health Care Providers Support Program is to enable public and non-profit rural health care providers to have access to telecommunications services necessary for the provision of health care services at rates comparable to those paid for similar services in urban areas. The Health Care Providers Support Program offers eligible public and non-profit health care providers located in rural areas reduced rates for Company intrastate services, available in this Tariff and RCN Telecom Services of New York, LP NY P.S.C. Tariff No. 1. Such services must be purchased in accordance with the Rules adopted by the Federal Communications Commission (FCC) in its Universal Service Order 97-157, issued May 8, 1997 and the New York Public Service Commission in its Order in Cases 94-C-0095 and 28425, issued November 4, 1997. The FCC Rules are codified at 47 Code of Federal Regulation (C.F.R.) 54.601 et. Seq., and any amendments made thereto.

5.5.2 Regulations

- A. To be eligible for the reduced rates, rural health care providers are required to comply with the terms and conditions set forth in the FCC Rules.
- B. Reduced rates are available only to the extent that they are funded by the federal universal service fund.
- C. Eligible rural health care providers may aggregate demand with other entities to create a consortium. Universal service support shall apply only to the portion of eligible services used by an eligible health care provider.

5.5.3 Rates and Charges

The following price adjustments will be available to eligible rural health care providers, except subparagraph C., which shall be available to all eligible health care providers, regardless of location:

- A. A reduced rate for telecommunications services, using a bandwidth capacity of up to 1.544 Mbps, not to exceed the highest tariffed or publicly available rate charged to a commercial customer for a similar service provided over the same distance in the nearest city in New York State with a population of at least 50,000.
- B. An exemption from some mileage charges for any telecommunications services, using a bandwidth capacity of up to 1.544 Mbps, that is necessary for the provision of health care services. The exempted mileage includes the distance between the rural health care provider and the most distant perimeter of the nearest city in New York State with a population of 50,000 or more, less the standard urban distance, which is the maximum average diameter of all cities with a population of 50,000 or more in the state.
- C. Each eligible health care provider that cannot obtain toll-free access to an Internet service provider is entitled to receive toll charge credits for toll charges imposed for connecting to an Internet service provider as per the FCC Rules. Such toll charge credits are available pursuant to applicable toll tariffs.

EXCHANGE ACCESS OPTIONAL FEATURES

6.1 Business Service (cont'd.)

6.1.2 Direct Inward Dial (DID) Service

A) Description

DID service is an optional feature which can be purchased in conjunction with Company-provided Basic Trunks or Digital Trunks. DID service transmits the dialed digits for all incoming calls allowing the Customer's PBX to route incoming calls directly to individual stations corresponding to each individual DID number. Charges for DID number blocks apply in addition to charges specified for Basic Trunks or Digital Trunks in Sections 5.2.3 and 5.2.5, respectively.

Customer is required to purchase at least one DID number block for each DID-equipped trunk or trunk group, or DID-equipped channel or channel group.¹ DID number block may only be associated with one trunk group.

So the Company may efficiently manage its number resource, the Company, at its sole discretion, reserves the right to limit the quantity of DID number blocks a Customer may obtain. Requests for 30 or more DID number blocks must be provided to the Company in writing, no less than five (5) months prior to activation. In addition, the Company reserves the right to review vacant DID stations or stations not in use to determine their utilization. Should the Company determine, based on its own discretion, that there is inefficient number utilization, the Company may reassigned the DID numbers.

¹ A "group" is a set of Basic Trunks or Digital Trunk channels which have been configured a hunt group.

A) Description

FX Service enables a Customer to receive a Company-provided Exchange Access Service at a point outside the Exchange Access Service Area corresponding to the NPA-NXX designation (as set forth in Section 4.1) of such Exchange Access Service.

The Home (or Local) Region Calling Area and all Usage Service rates which apply to an FX Exchange Access Service are the same as those which regularly apply to other Company-provided Exchange Access Services bearing the same NPA-NXX designation.

B) Rates

FX service charges are calculated on a distance basis:

- 1) For service provided to a point within another Exchange Access Service Area designated by the Company, mileage will be calculated as the distance between the Company's Wire Center location associated with the NPA-NXX designation of the FX service, and the Company's Wire Center location serving the Exchange Access Service Area in which the FX service is delivered to the Customer.
- 2) For service provided to a point outside of any of the Company's designated Exchange Access Service Areas, mileage will be calculated as the distance between the Company's Wire Center location associated with the NPA-NXX designation of the FX service, and the end office maintained by the dominant LEC which would otherwise serve the Customer's premises at which the service is provided.

Description (cont'd)

Select Forward This feature which permits a customer to prespecify up to a maximum of six (6) telephone numbers from which calls are to be forwarded. The end user activates this feature by dialing a code to create a screening list of the six telephone numbers to be forwarded.

Distinctive Ringing 1 This feature allows a customer to have one separate telephone number assigned to one local exchange line. Each telephone number will provide a distinctive ring on incoming calls to allow for identification of the incoming call. A distinctive call waiting tone for each telephone number will be provided, where facilities permit, to customers also subscribing to call waiting.

Distinctive Ringing 2 This feature allows a customer to have two separate telephone numbers assigned to one local exchange line. Each telephone number will provide a distinctive ring on incoming calls to allow for identification of the incoming call. A distinctive call waiting tone for each telephone number will be provided, where facilities permit, to customers also subscribing to call waiting.

Remote Call Forward This feature automatically forwards all incoming calls dialed to that Remote Call forwarding telephone number to the connecting number. The subscriber of Remote Call Forwarding is responsible for usage charges from the call forward number to the terminating number. The caller is responsible for usage charges from where the call is being originated.

HOME OR LOCAL AREA AND EXPANDED OR INTRALATA AREA CALLING

7.1 General

This service enables a User to originate calls over a Company-provided Exchange Access Service to all other stations on the public switched telephone network within the Customer's Home (or Local) Calling Area and Expanded (or IntraLATA) Calling Area, as those areas are identified in Section 4.2.

A Home Area Call is a call placed from a Company-provided Exchange Access Service to a station on the public switched telecommunications network bearing an NPA-NXX designation corresponding to a point within the Customer's Expanded Home Calling Area.

An Expanded Area Call is a call placed from a Company-provided Exchange Access Service to a station on the public switched telecommunications network bearing an NPA-NXX designation corresponding to a point within the Customer's Expanded Calling Area.

A Local Area Call is a call placed from a Company-provided Exchange Access Service to a station on the public switched telecommunications network bearing an NPA-NXX designation corresponding to a point within the Customer's Exchange Area.

An IntraLATA Area Call is a call placed from a Company-provided Exchange Access Service to a station on the public switched telecommunications network bearing an NPA-NXX designation corresponding to a point outside the Customer's Local Calling Area.

This section contains rates and rate plans for Business and Residential direct dialed Home (or Local) Area and Extended (or IntraLATA) Areas calls. Rates for operator-assisted calls are set forth in Section 9.

Rates and rate plans for Home (or Local) Area and Expanded (or IntraLATA) Area Calling vary according to the Customer's Home (or Local) Calling Area.

8.10 Number-to-Number Referral Service

This service is subject to the availability of facilities. It provides a recorded announcement that states the line number status and a referral number for calls placed to a disconnected or changed line number. This service is most common with customers that move. The minimum period for residential customers beyond the basic referral period is one month and the maximum is 12 months for resale and facility customers. Customers will incur a one-time charge based on the requested number of months beyond the basic referral period of 60 days This service is provided to residential customers who wish to extend the basic intercept service. The customer will be provided with basic intercept service in accordance with Section 603.5 of Title 16 of the New York State Codes and Rules.

8.11. Toll Free Service

8.11.1 Business

Description

RCN Toll Free Service provides business customers with a Toll Free telephone number enabling the customer to receive calls from family and friends, at no charge to the caller. The Toll Free Number will ring on the Customers main telephone number unless the customer requests to have it ring to an alternate number. Calls are billed in full minute increments and are not time-of-day sensitive. RCN Toll Free Service offers four standard routing options. There is no set up charge for the standard routing options. The standard routing options are as follows:

- 1) Toll Free origination from the continental United States, including Alaska and Hawaii.
- 2) Toll Free origination from the continental United States, including Alaska and Hawaii, and Canada.
- 3) Toll Free origination from the continental United States, including Alaska and Hawaii, Puerto Rico and US Virgin Islands.

800 Directory Assistance

800 Directory Assistance is an enhancement for RCN 800 customers. RCN customers can have all of their 800 numbers listed in the AT&T 800 directory (AT&T maintains a nationally published directory of 800 numbers. 800 numbers obtained from alternate carriers may be listed in the AT&T 800 directory if a customer chooses to subscribe to the listing service).

Requests to establish change or remove a listing of customer Toll-Free service records can be done on a Major, Minor, or Normal time interval. When a request to update a record on less than Normal time interval, the request must be manually entered. A Major Expedite denotes an entry that will be done during the same business day, in which the request must be submitted by 1 pm, Central Standard Time. A Minor Expedite requires an entry that is less than the Normal time interval. A Normal time interval is 5 business days from the day of request.

Account codes allows the customer to track usage of its 800 number back to specified user codes and/or to limit use of its 800 number to only those dialing authorized codes. Requires that additional digits be dialed after the regular 10 digit 800 number is dialed. Two types are available: verified and non verified. With both types of codes, calls cannot be completed without entry of the specified codes. In addition, with verified codes, calls are not completed until codes are verified for accuracy. As an option, Call Detail can be sorted by either verified or non-verified codes.

Customer dials 800-555-1212 and receives directory assistance on all 800 numbers listed in the AT&T 800 directory.

9.1 Special Construction

9.1.1 Basis for Charges

Where the Company furnished a facility or service for which a rate or charge is not specified in the Company's tariffs, charges will be based on the costs incurred by the Company and may include: (1) non-recurring type charges; (2) recurring type charges; (3) termination liabilities; or (4) combinations thereof.

9.1.2 Basis for Cost Computation

The costs referred to in 10.1.1 preceding may include one or more of the following items to the extent they are applicable:

- (A) cost installed of the facilities to be provided including estimated costs for the rearrangements of existing facilities. Cost installed includes the cost of:
 - (1) equipment and materials provided or used,
 - (2) engineering, labor and supervision,
 - (3) transportation, and
 - (4) rights of way;
- (B) cost of maintenance;
- (C) depreciation on the estimated cost installed of any facilities provided, based on the anticipated useful service life of the facilities with an appropriate allowance for the estimated net salvage;

INBOUND METROPOLITAN MASS CALLING SERVICE

11.1 General

- 11.1.1 Inbound Metropolitan Mass Calling Service consists of service and associated facilities whereby telephone users may, by calling a particular central office designation and number, obtain a Subscriber provided announcement or information service. This service is offered in LATA 132 only.
- 11.1.2 A "Subscriber" to the Inbound Metropolitan Mass Calling Service is an Information Provider who leases dedicated facilities or trunking facilities and is responsible for provision of recorded announcements as described below.
- 11.1.3 Inbound Metropolitan Mass Calling Service channels are configured for inbound calling only. Subscribers must make other arrangements for any outgoing calls.
- 11.1.4 Access to the Inbound Metropolitan Mass Calling Service by a Subscriber is furnished at the rates and charges specified in Section 12.6 below.
- 11.1.5 The Company will offer Inbound Metropolitan Mass Calling Service as a trunk-side service and will provide trunk-side service (with an Automatic Number Identification (ANI) option where technically feasible) to Subscribers.
- 11.1.6 Programs with these telephone numbers may be provided by other carriers under different terms and conditions.
- 11.1.7 The Company does not offer billing and collection services to Subscribers. Pricing, billing, and collection of charges for information programs are the sole responsibility and risk of the Subscriber. In order for the Subscriber to render invoices, the Company will provide sufficient information to the Subscriber. Company provision of this information will be in accordance with applicable federal and state rules regarding exchange of end-user name, address and call record information.

INBOUND METROPOLITAN MASS CALLING SERVICE

11.2 Regulations

- 11.2.1 The service is provided where the volume of calls to the announcement number requires the use of a dedicated channel network.
- 11.2.2 Connection to and transport on the Mass Announcement Network by the Subscriber is furnished subject to the availability of facilities and the requirements of local exchange and toll service.
- 11.2.3 The Company will furnish, install and maintain all the facilities required for connection to the Mass Announcement Network. The Subscriber has the option of (a) connecting to the Mass Announcement Network at the Company's switching office, or (b) purchasing dedicated transport service from the Company, under the terms and conditions set forth in the Company's switched access tariff P.S.C. No. 4, which shall be in addition to the charges set forth in this Tariff.
- 11.2.4 Inbound Metropolitan Mass Calling Service will be offered as a service on exchange trunking facilities via trunk-side functionalities with an ANI option.
- 11.2.5 The Subscriber will provide compatible announcement equipment, space, electrical outlets and commercial power required on the premises of the Subscriber.
- 11.2.6 The service will not be furnished where the circumstances are such that the proposed use of the service or facilities would tend to injuriously affect the efficiency of the Company's plant, property or service.
- 11.2.7 The Company may withdraw service on any channel forthwith where the circumstances are such that the use of the service or facilities would tend to injuriously affect the efficiency of the Company's plant, property or service.

INBOUND METROPOLITAN MASS CALLING SERVICE

11.2 Regulations (cont'd)

- 11.2.8 The Company will withdraw the award of a channel from any information provider who does not commence operation of the channel within two months from the date of notification of award of the channel by the Company, provided that network facilities are available on that date. If for any reason the Company cannot provide connection to Mass Announcement Service network facilities within two months from the date of award of a channel, operation of the channel shall commence the day following the day network facilities are available. The Company shall not be liable for lack of available Mass Announcement Service network facilities.
- 11.2.9 Since the Subscriber has exclusive control over the content, quality and characteristics of speech or sounds used in the messages recorded, the Company assumes no liability for the content of, quality of, or defects in the recording of such messages.
- 11.2.10 The Company will provide to the general public, upon request, the name, address and telephone numbers of the information providers.
- 11.2.11 Because end-users may arrange for blocking of calls to the Mass Announcement Service prefix by the telephone company providing their local exchange service, the Company shall have no liability due to the inability of any telephone caller to access a Subscriber's information service.
- 11.2.12 The Company shall not be liable for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities or facilities of other carriers and equipment nor on equipment owned by the Subscriber.
- 11.2.13 The Company shall not be liable for any indirect, consequential, special or punitive damages attributable or related to the Inbound Metropolitan Mass Calling Service. In any event, the total aggregate liability of the Company to any Subscriber and/or end-user hereunder shall be limited to the amount paid by the Subscriber and/or end-user for the service giving rise to the claim.

11.3 Obligations of the Subscriber

- 11.3.1 The Subscriber is responsible for the preparation, recording and duration of all announcement, and shall be solely responsible for the content of the announcements and the quality of speech or sounds of the recording and all necessary premises equipment. If the total charge per call has the potential to exceed \$3.50, the subscriber must provide at the beginning of each call an announcement stating the price charged by the subscriber and informing the telephone user that he or she has the option to disconnect within 20 seconds at no charge. There is no charge to the telephone user who disconnects within 20 seconds.

Each Inbound Metropolitan Mass Calling Service advertisement, publication or other communication shall designate the current price rate as well as any planned price rate change. In audio advertisements, the price must be disclosed immediately following every mention of the Inbound Metropolitan Mass Calling Service telephone number or word equivalent. A clearly discernible audio announcement of this information is required for all video displays in addition to the visual printed message. The audio announcements for advertisements broadcast during time spots considered to be within hours that contain programming directed to children under twelve (12) years of age must be presented in language that can be understood by children and must advise children to obtain parental consent before calling. In print advertisements, each letter or numeral of the cost disclosure must be no less than one-half the size of each letter or numeral of the Inbound Metropolitan Mass Calling Service telephone number or word equivalent to which the disclosure is adjacent.

INBOUND METROPOLITAN MASS CALLING SERVICE

11.3 Obligations of the Subscriber (cont'd)

- 11.3.2 The Subscriber indemnifies and saves the Company harmless against all claims and any fines, damages or other penalties associated therewith, arising from the material transmitted over facilities furnished hereunder, including claims for libel, slander, infringement of copyright, or any other claims, and against all claims and any fines, damages or other penalties associated therewith, arising out of any act or omission of the Subscriber or of the calling party in connection with facilities provided by the Company.
- 11.3.3 The Subscriber is responsible for providing the program and all necessary premises equipment in connection with its program.
- 11.3.4 It is the Subscriber's responsibility to obtain premises equipment that will interconnect with the Company at the agreed upon signal level and other requirements.
- 11.3.5 It is the Subscriber's responsibility, where ANI is requested, to obtain premises equipment that accepts ANI as provided by the Company.
- 11.3.6 The Subscriber is responsible for complying with all applicable laws and regulations concerning offering, advertising, and billing for information programs. The Company may disconnect any Service upon receiving an order from the New York Public Service Commission, the Federal Communications Commission, or other competent authority determining that a Subscriber's service is being offered in contravention of applicable laws or regulations.

INBOUND METROPOLITAN MASS CALLING SERVICE

11.4 Number Assignment Procedures

- 11.4.1 Each Service will be assigned a telephone number in the "970-" or "976-" prefix in each Numbering Plan Area ("NPA") in the Downstate LATA (212, 347, 516, 631, 646, 718, 914 and 917). In addition, Mass Announcement Service will be provided for Subscriber telephone numbers assigned in the "540-" or "550-" prefix when ported to the Company from another carrier.
- 11.4.2 Telephone numbers for Mass Announcement Service will be assigned on a first-come, first-served basis, except as provided in 12.4.3 through 12.4.5 following.
- 11.4.3 Any Subscriber who was assigned or delegated a particular telephone number within the "970-" or "976-" prefix by another telephone company or by another Information Provider and was actually using that number before March 24, 2004, will be assigned the same telephone number for service under this tariff, provided that the Company receives a request for such assignment within five (5) business days after the effective date of this tariff section.
- 11.4.4 Any other requests for assignment of a particular telephone number received by the Company within five (5) business days after the effective date of this tariff section will be deemed to have been received simultaneously, and the requested numbers will be assigned by random selection from among all timely requests.
- 11.4.5 If there are more requests for numbers than channels available, the Company will establish a waiting list.

11.5 Trunk Side Access with ANI

- 11.5.1 Trunk side access with ANI will be offered where technically feasible. ANI provides the automatic transmission of a seven or ten digit number and information digits to the customer's premises for calls originating in the LATA, to identify the billing telephone number of the calling party.
