Remote Control Tips

**Program your TiVo® remote** to control your TV or A/V receiver. See Customize Your TiVo Remote to the right.

Press the TiVo button once to go to the TiVo Central® screen, or twice to go to the Now Playing List—your list of recorded programs.

Press LIVE TV to switch between tuners.

Press FORWARD ▶️ and BACK ◀️ up to 3 times for 3 speeds. Press a fourth time to resume normal play.

INSTANT REPLAY ⏯️ replays the last 8 seconds of a program.

Press CLEAR to delete a title in a list (like the Now Playing List) or to hide things that aren’t part of the program you’re watching (like the TiVo channel banner).

Press GUIDE to see the TiVo program guide, then press ENTER or INFO (while the guide is visible) for Guide Options that let you change the way channels display or show only certain types of programs.

When you’re viewing the TiVo program guide, press FORWARD ▶️ or BACK ◀️ to move the displayed time incrementally. Press ADVANCE ⏯️ to jump 24 hours ahead. Press INSTANT REPLAY ⏯️ to go back 24 hours.

CHAN UP/DOWN does more than change the channel—it also pages up or down through lists of programs or menu items.

Press ADVANCE ⏯️ to move forward 30 seconds. Press and hold to catch up to live TV or jump to the end of a recorded show. Press and hold INSTANT REPLAY ⏯️ to jump to the beginning of a show.

**Inserting the Batteries**

1. Open the battery door:
   - Push the battery door where it comes to a point, near the center of the back of the remote, to open.

2. Insert the batteries (supplied). Match the + and - marks on the batteries to the + and - marks in the compartment.

3. Replace the battery door.

---

**Remote Control Troubleshooting**

Press any button on the remote. Does the red light above the TiVo button on the remote flash?

If the red light does not flash, make sure the batteries are positioned correctly in the remote. If they are correctly positioned, try a new set of batteries.

If the red light on the remote does flash, but the lights on the front of the TiVo Premiere do not respond to the remote, restart your TiVo Premiere by unplugging it, waiting 15 seconds, then plugging it back in.

See the Troubleshooting chapter for more help with your remote control.
Some buttons on your TiVo Premiere remote are programmable:

**TV POWER**
TV POWER

**TV INPUT**
VOLUME & MUTE
can control sound on your TV or A/V receiver

To program your TiVo Premiere remote, press the TiVo button to go to the TiVo Central® screen and select Messages & Settings, then Settings, then Remote, CableCARD, & Devices, then Remote Control. Follow the easy on-screen instructions.

Due to the wide variety of brands and models available, some TVs and A/V receivers are not compatible with your TiVo Premiere remote.

To navigate the TiVo® Premiere’s on-screen menus, use the remote control’s arrow buttons to move to the option you want, then press SELECT.

The LEFT arrow button often takes you to the previous screen.

Two Types of On-Screen Arrows

The arrows that appear beside or near the Highlight Bar show the directions it can move. For example, on this screen, press the RIGHT arrow to highlight Options or the DOWN arrow to highlight “View upcoming episodes.”

When you see page up or page down arrows at the top or bottom of the screen (or a list), press the CHAN UP/DOWN button to jump an entire page at a time.

**Today Playing**
(Green) This program will be saved until you delete it.

(Yellow) In less than one day, this program may be deleted to make room for other recordings you have requested, but only if space is needed.

(Yellow with exclamation mark) At any time, this program may be deleted to make room for other programs you have requested.

(Red with black border) This program is currently being recorded.

(Blue) This program is currently being recorded over a DVR.

This program is a TiVo® Suggestion. TiVo Suggestions are recorded only if space is available, and are the first to be deleted when space is needed.

Plain folder – contains more than one episode of the same series.

Folder with red dot – contains a program that is currently recording or transferring.

Folder with blue star – contains one or more programs recorded by a WishList™ search.

Folder with Thumbs Up – contains all programs recorded as TiVo Suggestions.

DVR – for a DVR connected to your network.

**To Do List and View Upcoming Episodes**
(These icons appear beside programs scheduled to be recorded.)

Program will be recorded as an individual recording (not part of a Season Pass® recording or WishList™ search). In other places, indicates that an item has been selected.

Program will be recorded as part of a Season Pass recording.

Program will be recorded as part of a WishList search.
